Professional Summary

Results-driven Software Developer with 1.5+ years of experience in developing scalable mobile and web applications using React Native, React.js, and Spring Boot. Skilled in full-stack development, REST API integration, responsive UI design, reusable component architecture, and database management with strong focus on performance optimization and clean coding practices.

Work Experience

Software Developer | Scriptimiz Insight LLP

Developed and maintained scalable cross-platform mobile and web applications using React Native, React.js, Spring Boot, and MySQL. Focused on React Native, React.js, Spring Boot, and MySQL. Designed responsive mobile and web interfaces with reusable components and optimized application performance.

Integrated REST APIs and improved backend connectivity for seamless data handling and smooth user experience.

Collaborated with cross-functional teams in Agile development environments including testing, debugging, deployment, and feature enhancement.

Delivered multiple production-level applications:

- o **Restaurant Management Application (SwadNidhi)**

- Tech Stack: React Native, Spring Boot, MySQL

- Live Project: <https://swadnidhi.scriptimiz.com>

- Food ordering and restaurant management platform with menu management, cart functionality, order processing, admin dashboard, and responsive UI for web and mobile.

- o **E-Commerce Application**

- Tech Stack: React Native, Spring Boot, MySQL

- Online shopping platform with product catalog, inventory management, responsive UI, shopping cart, checkout, order tracking, and REST API integration.

- o **TaskFlow Management System**

- Workflow platform with task assignment, role-based access control, progress tracking, and team collaboration features.

Technical Skills

Languages: Java, JavaScript, C, C++

Frontend: React.js, Angular, HTML5, CSS3

Mobile: React Native, Expo

Backend: Spring Boot, Node.js, REST APIs

Database: MySQL

Tools: Git, GitLab, Postman, VS Code, MySQL Workbench

Education

Bapurao Deshmukh College of Engineering, RTMNU

Bachelor of Engineering in Computer Engineering | 2019 - 2023

CGPA: 73.89%
